Client-Focused, Strong Problem-Solving skills, Productive with excellent leadership skills

SKILLS

ANALYTICS TOOLS
• SQL SERVER • Teradata • MS Excel
• AZURE/ADF/DataBricks • ETL • GIT
• PowerBI-Embed/Tableau • PostMan
• JIRA/Confluence • Playwright

ANALYTICS SKILLS
• Data Cleaning, Analysis, Visualization
• Modelling, Interpretation, Reporting
• Data science, Engineering • Pivot
• Macros/VBA • Vlookup • SQL • Python
• Numpy-Pandas • Machine Learning
• HTML-CSS • Javascript Nodejs
• Testing • Statistics • Stored Procedure

SOFT SKILLS
• Team Work • Ownership • Adaptive
• Good Communication • Storytelling
• Presentation • collaborative

EDUCATION

VIT, VELLORE
B. Tech - I.T.
2017 - 2021 | Vellore, TN
CGPA = 7.25

FIITJEE JUNIOR COLLEGE
Higher Secondary School
MPC, CGPA = 8.32
2015 - 2017 | Hyderabad, TS

CERTIFICATIONS

• Google Analytics 360

• KPMG Data Analytics Consulting Virtual Internship

• IBM - Machine Learning

• COURSERA - Data Structures Algorithms by University of California

INTEREST

• Public Speaking & Relations

• Event Management & Resource planning

• Running, Trekking, Badminton, BasketBall

• Music Production Tutorials (Beat Making), produce & make music & have YouTube page with 1K views

WORK EXPERIENCE

SUMMIT INTERCONNECT (RCS PVT LTD) | Business Intelligence Analyst & Data Engineer
Jan 2024 – Present | Ahmedabad

• Partnered with technical & business teams in PCB industry to analyze, develop data-driven insights & create efficient dashboards/reporting solutions

• Designed & integrated Power BI reports with WebApp with live dashboards & Developed SQL queries in UAT/Prod env. Utilized ETL tools to transform, manipulate, aggregate, normalize, joins to improve data accuracy & quality.

• Worked on AZURE Data Factory DataBricks with teams to perform ETL, Created Pipelines, jobs/clusters & Wrote queries, ML codes, data flows on datasets & utilized Active Directory, Key Vault to get access-embed tokens

RADARRADAR (TRADESPARENT) | Technical Business Consultant
July – Nov 2023 | Hyderabad

• Worked closely with technical & business consultants on real-world commodity markets to analyze data & transform business needs into actionable SQL queries

• Collaborated with teams on ad-hoc projects & created SQL queries and stored procedures for Widgets & import on SQL Server to extract and process client's commodity into RadarRadar model & load data into widgets.

• Provided Technical Support & Implemented dashboards to provide real-time insights to stakeholders for decision-making & created documents

BARCLAYS BANK | Data Analyst (BA3)
March 2022 – May 2023 | Pune

• Collaborated with Data Analysts & worked on data warehousing technologies with knowledge in SQL & reporting tool Tableau to help business
